

"Where your imagination takes root"

Peachy Knock Out® Rose Rosa 'Radgor'

Height: 4 feet Spread: 4 feet Sunlight: O Hardiness Zone: 4b Other Names: Knockout Rose Group/Class: Shrub Rose Description:

The blooms on this hardy shrub are individually small but are in such big clusters the visual impact is stunning; beginning in spring and continuing throughout the summer and fall, even to the first frost, this shrub will deliver glorious color

Ornamental Features

Peachy Knock Out Rose is draped in stunning fragrant shell pink flowers with yellow eyes at the ends of the branches from late spring to mid fall. The flowers are excellent for cutting. It has dark green deciduous foliage. The glossy oval compound leaves do not develop any appreciable fall color. The fruits are showy red hips displayed in late fall.

Landscape Attributes

Peachy Knock Out Rose is a multi-stemmed deciduous shrub with an upright spreading habit of growth. Its average texture blends into the landscape, but can be balanced by one or two finer or coarser trees or shrubs for an effective composition.

"Where your imagination takes root"

Peachy Knock Out Rose is recommended for the following landscape applications;

- Mass Planting
- Hedges/Screening
- General Garden Use

Planting & Growing

Peachy Knock Out Rose will grow to be about 4 feet tall at maturity, with a spread of 4 feet. It tends to fill out right to the ground and therefore doesn't necessarily require facer plants in front. It grows at a fast rate, and under ideal conditions can be expected to live for approximately 20 years.

This shrub should only be grown in full sunlight. It does best in average to evenly moist conditions, but will not tolerate standing water. It is not particular as to soil type or pH. It is somewhat tolerant of urban pollution. This particular variety is an interspecific hybrid.
